

244 million international migrants, 740 million internal migrants

60 million people undergoing forced displacement

Unmet **immediate** and **long-term** health needs

**Access** to health services is **limited**

# Migration & Health

WHO Technical Briefing

Friday 27 May 2016

12:30 – 14:15

Salle XII

Palais des Nations

Please join us to review the current situation and priorities, explore best practices and look at lessons learned and the implications for WHO's work. The human face of all that surrounds migration and health will be emphasized.

Remarks from the Director-General, WHO, the Director-General, IOM, Regional Directors, EURO and UNHCR. Perspectives from countries with different migration issues will be presented, along with frontline personal stories.

*Interpretation will be provided in Arabic, Chinese, English, French, Italian, Russian and Spanish.*
